

Logistics with responsibility needs people with attitude – at Vecturio you are actively involved in shaping it. As a growing company in the field of healthcare, thermal and fulfillment logistics, we are looking for people who take responsibility, act with foresight and work with us to shape the supply systems of tomorrow. Whether in scheduling, driving services, warehouse logistics or quality management - at Vecturio you can expect a secure job, modern processes and a team that lives cohesion.

At our **location in Hanover**, we are looking for a

Operations Manager Logistics (w/m/d)

YOUR TASKS

- Management, organization and continuous optimization of the processes in your team
- Development and implementation of operational projects and processes
- Technical and disciplinary management and further development of the team
- Constructive cooperation with other locations and departments
- Compliance with legal regulations on occupational health and safety
- Preparation and implementation of audits and certifications

YOUR PROFILE

- You have completed a degree in business administration or a completed commercial apprenticeship with a good portion of professional experience
- You have initial experience in managing your own employees
- You are outgoing and practice a communicative working style
- You have good IT skills, especially in MS Office products
- You have a strong service concept and a strong customer orientation
- You motivate your team and enjoy solving the challenges of day-to-day business together

WE OFFER

- Varied work with continuous development of your range of tasks
- The opportunity to play a formative role in the further development of our company in a young team
- A company car also for private use as part of an attractive remuneration package

Interested? We look forward to receiving your application!
